*Parents please be aware that ALL supplies will be collected the first day of school by the teacher. They will be put together as our "Community Supplies." We would like to encourage the concept of "community" when sharing and using classroom materials and supplies. We feel this approach has helped to foster a sense of community, sharing and responsibility. The expectation is that it is in everyone's best interest to care for and return supplies, such as pencils, so that they are available to use the next time they are needed. This system worked effectively in our classroom these past school years, and we would like to continue using it in the coming year. We ask that the community supplies be as generic as possible so that there is no claim to individual ownership. Please keep pencil pouches at home. Thank you for your cooperation! :o)
